

This Week at All Saints

March 29 – April 4, 2020

This Sunday, March 29

Join us here: <https://zoom.us/j/817796514>

(This link includes all four events below)

Please do not log on more than 15 minutes in advance, at 9:45 a.m.

10:00-10:45 a.m. Rector's Forum: The 2020 Census Is Here!

Learn from local leaders about the 2020 Census and why you should participate in this survey — that is critical to our local community and our nation. You will meet: **Chapman Clark**, Census Organizer for LA Voice; **Kim Douglas**, Co-Chair of Pasadenan's Organizing for Progress; and **Norma Rodriguez**, Manager of Public Affairs for Planned Parenthood Pasadena and San Gabriel Valley. The Zoom meeting will be facilitated by **Juliana Serrano**, Senior Associate for Peace & Justice and the Office for Creative Connections.

11:00-11:15 a.m. Virtual Children's Chapel led by Kelly Erin O'Phelan

If you have a candle and matches at home, please have them ready so you can light the candle together.

We will share the video afterward if you want to do this later with your children.

11:15 a.m. Virtual Service

As we did last week, we will have a virtual worship service. **Sally Howard** will lead a "preachchat" (think more fireside chat than sermon ... after all, he wouldn't come into your house and preach at your table!). **Canterbury Choir Soloists with Grace Chung** will offer music. Then, we heard your desire to have Eucharist, so we will be having Eucharist, breaking bread and telling the story of Jesus right before we move to our "Virtual Coffee Hour" ... where we will invite you to grab some food and drink with us and we will break bread around the table and chat online for awhile.

1:00 p.m. Bilingual Spanish/English Virtual Service

Alfredo Feregrino will preach at our bilingual service, and we'll again follow Eucharist with breaking bread together at a Virtual Coffee Hour on our streaming page. **Dan Cole & Ensemble** will offer music.

Looking Ahead

Events & Opportunities

Congregational Response Team (CRT)

The CRT, chaired by Christine Hartman is hard at work contacting members of our community, starting with those most vulnerable and with minimal internet access. You can help! Please think of people who are vulnerable, anxious and in need ... and then do two things:

First — reach out to them yourself. Phone. Text. Email.

Drop them a card. Ask if there is anything they need.

Spend some time just talking and listening.

Second — let us know. Email CRT convener Christine Hartman at christine@icehatcreative.com with any information about people in need or if you are interested in volunteering.

All Meetings and Services Scheduled On or Off Campus Through April 19 Have Been Postponed or Will Meet Virtually.

We Would Like Pictures of You!

We are missing your faces and were inspired by a Face Book posting of a church with pictures of congregants in the pews. Our talented and crafty Melissa Hayes, Keith Holeman, Kelly Erin O'Phelan and Jenny Tisi are working on projects that would involve putting together as many pictures as we can gather in a creative display. A close up shot will be the most effective.

Please send to Melissa Hayes at mhayes@allsaints-pas.org.

Thank You!

Thank you for your continued, generous support of your All Saints community during this extraor-

dinarily challenging time. We have made a commitment that all of our staff — salaried, hourly and contracted — will be able to count on the income they are depending on from All Saints Church for the duration of this epidemic. That makes it especially important that pledges are fulfilled in a timely way.

You can make a pledge payment or other gift to All Saints Church online by clicking here — <https://allsaints-pas.org/donate/donate-now/>.

If you have any questions, contact our Director of Giving, Terry Knowles at tknowles@allsaints-pas.org or 626.583.2736.

Diocesan Carbon Footprint Challenge for Lent

The L.A. Diocese is asking churches to participate in a carbon footprint challenge for Lent and the All Saints Climate Change Task Force encourages everyone to sign up at www.sustainislandhome.org and enter the information about your family's home energy use and carbon footprint. This will be a fun and engaging way to make us all aware of our personal contributions to climate change, and encourage each other to be the change we want to see.
