RE: Oppose H.R. 734, protect LGBTQI+ students & Title IX

Dear Representative,

As your constituent, I urge you to oppose H.R. 734 and to take all possible steps to ensure this offensive and discriminatory bill that targets transgender and intersex women and girls does not advance any further. Women and girls need your support on many urgent topics affecting gender justice, including in school sports. But this bill will do less than nothing to address real problems for gender equity in sports, such as ensuring women's and girls' sports receive the same resources, facilities and equipment as men's and boys' sports, and stopping the rampant sexual abuse against student athletes. Weaponizing Title IX by gatekeeping which women and girls get a chance to play school sports and bullying LGBTQI+ youth will never be part of the fight for women and girls' rights. Please vote NO on H.R. 734 to ensure all students are protected from sex discrimination.

Sincerely,
